

PRODUCT INFORMATION SHEET

Product Group: Succulent	Agave Silver Trim (Attenuata Variegated)
Description:	Fantastic low maintenance succulent with stylish fleshy grey-green foliage bordered by a striking silver trim. Forms a neat flower like clump with pups forming at the base. Eye catching addition to any garden.
Planting Position:	Requires a very well drained soil and a full sun to part shaded position. They are ideal for use in large tubs, arid garden beds, dry rock embankments, perfectly at home in sheltered position in gardens. Prefer well drained soil. Protect from frost. Temperature Range: 8° to 45°
Plant Size (approx):	1m high x 75cm wide
Planting:	Dig a hole approximately twice the size of the container. Remove plant and place into the hole so the soil level is the same as the surrounding ground. Fill in the hole and push down firmly and water in thoroughly.
Fertilizing & Watering:	Fertilize annually with a long term slow release fertilizer. Water only when dry.
