

PRODUCT INFORMATION SHEET

Product Group: Boronia	Boronia Pixie (Boronia Heterophylla)
Description:	Attractive evergreen shrub with deep green aromatic foliage and delicate pale pink bell shaped flowers throughout spring.
Planting Position:	Ideal for garden beds, tubs, native gardens and as a bird attracting shrub. Best suited to an open, moist, well drained slightly acid soil in full sun to part shade. Pruning is recommended immediately after flowering. Temperature Range 7° to 37°
Plant Size (approx):	1m high x 0.75m wide
Planting:	Dig a hole approximately twice the size of the container. Remove plant and place into the hole so the soil level is the same as the surrounding ground. Fill in the hole and push down firmly and water in thoroughly.
Fertilizing & Watering:	Fertilize in spring with a slow release fertilizer and water to keep moist in a pot situation.
