

PRODUCT INFORMATION SHEET

Product Group: Coleus	Coleus Blumei
Description:	Usually grown as annuals, they offer brilliant foliage displays in a wide range of colours and patterns.
Planting Position:	Great addition to any garden, rockery or even use as a border shrub. Perfect in tubs, and hanging baskets. Grows in full sun or part shade sheltered position. Thrives in moist well drained soil. Frost sensitive Temperature Range 10° to 30°
Plant Size (approx):	2m high x 2m wide
Planting:	Dig a hole approximately twice the size of the container. Remove plant and place into the hole so the soil level is the same as the surrounding ground. Fill in the hole and push down firmly and water in thoroughly.
Fertilizing & Watering:	Fertilize in spring and summer with a slow release fertilizer and keep moist in summer, allow plant to dry out at other times.
