

## PRODUCT INFORMATION SHEET

<b>Product Group:</b> Cordylina	<b>Cordylina Can Can (Cordylina australis)</b>
<b>Description:</b>	New variety with colourful weeping variegated foliage. The strappy foliage is a striking bright variegation of pink on red, maturing to a mix of cream on green. Ever changing colour of the foliage year round is unique to Can Can.
<b>Planting Position:</b>	Plant in full sun or part shaded area in well drained soil. Excellent for mass display in garden or as a feature in a tub.  Temperature Range 3° to 40°
<b>Plant Size (approx):</b>	2m high x 1.5m wide.
<b>Planting:</b>	Dig a hole approximately twice the size of the container. Remove plant and place into the hole so the soil level is the same as the surrounding ground. Fill in the hole and push down firmly and water in thoroughly.
<b>Fertilizing &amp; Watering:</b>	Fertilize in spring with a slow release fertilizer and water to keep moist in a pot situation.
