

PRODUCT INFORMATION SHEET

Product Group: Crossandra	Crossandra Infundibuliformis Fireglow
Description:	This heat and humidity loving plant has beautiful glossy deep green leaves and contrastingly intense orange blooms which continue continuously from Spring to Autumn. This exceptional indoor performer can also be used to create a splendid courtyard display.
Planting Position:	Prefers a rich, moist well draining soil rich in organic matter. Thrives in a sheltered frost free position with filtered light. Temperature Range 7°C to 37°C
Plant Size (approx):	25 – 40cm high x 30 – 40cm wide
Planting:	Dig a hole approximately twice the size of the container. Remove plant and place into the hole so the soil level is the same as the surrounding ground. Fill in the hole and push down firmly and water in thoroughly.
Fertilizing & Watering:	Fertilize regularly with a slow release fertilizer and water to keep moist in a pot situation.
