

PRODUCT INFORMATION SHEET

Product Group: Dieffenbachia	Dieffenbachia Tropic Marianne (hybrid)
Description:	An ideal houseplant with tall, upright stems displaying showy, thickly textured attractive foliage that is cream with dark green edges. Great in bathrooms.
Planting Position:	Prefers a warm humid position free from draughts with filtered light in well drained soil. Temperature Range 10° to 30°
Plant Size (approx):	1m high x .5m wide
Planting:	Dig a hole approximately twice the size of the container. Remove plant and place into the hole so the soil level is the same as the surrounding ground. Fill in the hole and push down firmly and water in thoroughly.
Fertilizing & Watering:	Apply slow release fertilizer two or three times a year. Keep moist in the summer and drier over winter.
