

PRODUCT INFORMATION SHEET

Product Group: Succulent	Echeveria Black Knight
Description:	These decorative easy care succulent plants have fleshy leaves in tight rosettes up to 20cm across. Stout upright dark brown pointed leaves. Produces tall flower spikes of red flowers. Great accent plant in garden or tub.
Planting Position:	Requires a very well drained soil and a full sun position. They are ideal for use in large tubs, arid garden beds, dry rock embankments, perfectly at home in cottage gardens. Drought tolerant. Temperature Range: 10° to 40°
Plant Size (approx):	15cm high x 20cm wide
Planting:	Dig a hole approximately twice the size of the container. Remove plant and place into the hole so the soil level is the same as the surrounding ground. Fill in the hole and push down firmly and water in thoroughly.
Fertilizing & Watering:	Fertilize with a good quality liquid plant food two or three times a year. Will tolerate short periods of dryness. Water only when dry.
