

PRODUCT INFORMATION SHEET

Product Group: Ficus	Ficus Elastica Tineke (Rubber Tree)
Description:	Easily grown ficus has large leathery leaves which are distinctively marked with variegations of green and cream. Each leaf also has a striking mid vein of pink. Makes ideal container plant for indoors or patio.
Planting Position:	Prefers bright or filtered light indoors or full sun to semi shade frost free position outdoors in well drained soil. Temperature Range:5° to 40°
Plant Size (approx):	30 – 40m high depending if planted in ground.
Planting:	Dig a hole approximately twice the size of the container. Remove plant and place into the hole so the soil level is the same as the surrounding ground. Fill in the hole and push down firmly and water in thoroughly.
Fertilizing & Watering:	Fertilize with a good quality slow release plant food two or three times a year. Keep moist in the summer and drier in cooler weather.
