

## PRODUCT INFORMATION SHEET

<b>Product Group:</b> Gardenia	<b>Gardenia Augusta Radicans</b>
<b>Description:</b>	Small evergreen glossy foliage spreading shrub producing large double white blooms which are heavily perfumed. Flowering from late spring through to the warmer months.
<b>Planting Position:</b>	Ideal for rockeries, containers and at the front of shrubberies. Gardenias grow best in a warm position in a well drained, humus rich soil. Full sun or part shade position is best with protection from frost. Keep moist but not wet.  Temperature Range 5° to 40°
<b>Plant Size (approx):</b>	50cm high x 2m wide
<b>Planting:</b>	Dig a hole approximately twice the size of the container. Remove plant and place into the hole so the soil level is the same as the surrounding ground. Fill in the hole and push down firmly and water in thoroughly.
<b>Fertilizing &amp; Watering:</b>	Fertilize in spring with a slow release fertilizer and water to keep moist in a pot situation.
