

PRODUCT INFORMATION SHEET

Product Group: Hebe	Hebe Annie's Winter Wonder
Description:	Stunning Hebe featuring cream and emerald green variegated foliage with purple leaf tips that intensifies during the cooler months. Throughout spring masses of maroon to pink flowers. Ideal for adding a splash of colour to any garden.
Planting Position:	Can be used to create a small hedge and looks fantastic in pots. Can handle full sun to part shade in well drained soil. Prune lightly after flowering. Temperature Range 3° to 37°
Plant Size (approx):	75cm high x 75cm wide
Planting:	Dig a hole approximately twice the size of the container. Remove plant and place into the hole so the soil level is the same as the surrounding ground. Fill in the hole and push down firmly and water in thoroughly.
Fertilizing & Watering:	Fertilize in spring with a slow release fertilizer and water to keep moist in a pot situation.
