

PRODUCT INFORMATION SHEET

Product Group: Fern	Cyrtomium Falcatum (Holly Fern)
Description:	A beautiful hardy fern with glossy, dark green, leathery foliage that will succeed equally as well in the ground or containers. It is a sub-tropical fern from Japan, Korea. A moderate, growing fern with dark green leaves and a drooping habit. One of the nicest looking ferns for all conditions.
Planting Position:	Can be kept in pots as a display for the patio or planted in a protected area in the garden. Best if given some protection from frost. Never allow to dry out. Ph between 5 and 6.5 for best results. Temperature Range 3° to 40°
Plant Size (approx):	30cm high x 50cm wide
Planting:	Dig a hole approximately twice the size of the container. Remove plant and place into the hole so the soil level is the same as the surrounding ground. Fill in the hole and push down firmly and water in thoroughly.
Fertilizing & Watering:	Fertilize in spring with a slow release fertilizer and water to keep moist in a pot situation.
