

PRODUCT INFORMATION SHEET

Product Group: Pelargonium	Pelargonium peltatum Ivy Geranium
Description:	A hardy shrub, bred to cascade over pots and hanging baskets. Flowers over an extended period with large brightly coloured flowers. Perfect for hanging baskets.
Planting Position:	Suitable for baskets, pots and patio planters. Colourful addition to rockeries when used as a ground cover. Prefers a sunny well drained position, slightly on the drier side. Temperature Range: 3°C to 40°C
Plant Size (approx):	20cm high x trailing/spreading
Planting:	Dig a hole approximately twice the size of the container. Remove plant and place into the hole so the soil level is the same as the surrounding ground. Fill in the hole and push down firmly and water in thoroughly.
Fertilizing & Watering:	Fertilize with a good quality liquid plant food two or three times a year. Will tolerate short periods of dryness. Water only when dry.
