

PRODUCT INFORMATION SHEET

Product Group: Lavender	Lavender Avonview (Lavandula Stoechas)
Description:	A vigorous lavender with grey-green foliage and vibrant magenta flowers in autumn through spring. Beautiful light scented foliage and flowers.
Planting Position:	Best grown in full sun to semi shade, thriving in well drained soils. Prune in early summer to develop dense growth. Temperature Range: 2° to 40°
Plant Size (approx):	80cm high x 80cm wide
Planting:	Dig a hole approximately twice the size of the container. Remove plant and place into the hole so the soil level is the same as the surrounding ground. Fill in the hole and push down firmly and water in thoroughly.
Fertilizing & Watering:	Fertilize in spring with a slow release fertilizer and water to keep moist in a pot situation.
