

PRODUCT INFORMATION SHEET

Product Group: Citrus	Lemonicious (Meyer Dwarf)
Description:	Is a compact growing small tree bearing very juicy and versatile home grown fruit. Will bloom with masses of scented white flowers followed by delicious full sized fruit. Perfect fruiting patio shrub, easy to grow and maintain.
Planting Position:	Perfect for all types of gardens, pots and containers. Prefers a nice sunny position in well drained soil. Is frost and coastal tolerant. Temperature Range 2° to 37°
Plant Size (approx):	1m high x 1m wide in pot 1.5m high x 1m wide if planted in ground.
Planting:	Dig a hole approximately twice the size of the container. Remove plant and place into the hole so the soil level is the same as the surrounding ground. Fill in the hole and push down firmly and water in thoroughly.
Fertilizing & Watering:	Fertilize in spring with a slow release fertilizer and water to keep moist in a pot situation.
