

## PRODUCT INFORMATION SHEET

<b>Product Group: Myrsine</b>	<b>Myrsine Africana</b>
<b>Description:</b>	Upright evergreen shrub grown for its rounded, leathery, aromatic foliage which is a glossy dark green. Densely foliated shrub is popular for hedging.
<b>Planting Position:</b>	Great for hedging and is ideal for gardens or tubs. Tolerates a range of soils and conditions but thrives in moist, well drained soil in a sunny position protected from cold, drying winds.  Temperature Range: 5° to 38°
<b>Plant Size (approx):</b>	1.5m high x 30cm wide
<b>Planting:</b>	Dig a hole approximately twice the size of the container. Remove plant and place into the hole so the soil level is the same as the surrounding ground. Fill in the hole and push down firmly and water in thoroughly.
<b>Fertilizing &amp; Watering:</b>	Fertilize with quality slow release fertilizer. Water regularly in dry months to ensure flowering.
