

PRODUCT INFORMATION SHEET

Product Group: Nandina	Nandina Domestica Nana (Dwarf Sacred Bamboo)
Description:	Evergreen or semi-evergreen dwarf shrub grown for its lime-green, puckered leaves, which turn a billion scarlet in autumn and winter. Easy care.
Planting Position:	Great addition to any garden, as a low hedge, or in a rockery. Grows in full sun will tolerate light frost. Thrives in moist well drained soil. Temperature Range 2° to 35°
Plant Size (approx):	45cm high x 45cm wide
Planting:	Dig a hole approximately twice the size of the container. Remove plant and place into the hole so the soil level is the same as the surrounding ground. Fill in the hole and push down firmly and water in thoroughly.
Fertilizing & Watering:	Fertilize in spring with a slow release fertilizer and water to keep moist in a pot situation.
