

PRODUCT INFORMATION SHEET

Product Group: Radermachera	Radermachera China Doll (Radermachera sinica)
Description:	An excellent house or patio specimen producing lacey dark green glossy foliage.
Planting Position:	Ideal plant for a tropical garden or indoor specimen. Prefers a warm humid position free from draughts with filtered light in well drained soil. Temperature Range: 4° to 35°
Plant Size (approx):	Up to 3m high grows into a large tree if planted in the ground
Planting:	Dig a hole approximately twice the size of the container. Remove plant and place into the hole so the soil level is the same as the surrounding ground. Fill in the hole and push down firmly and water in thoroughly.
Fertilizing & Watering:	Apply liquid fertilizer monthly during the growing season. Keep moist but not wet.
