

PRODUCT INFORMATION SHEET

Product Group: Rosemary	Rosemary Savor (Rosmarinus Officinalis)
Description:	Beautiful rosemary with grey green delightfully aromatic leaves with pale mauve flowers in spring and summer. Compact, upright habit.
Planting Position:	Prefers a well draining soil rich in organic matter. Thrives in a sunny to partly shaded position. Will tolerate coastal conditions, frost and drought. Prune as desired. Temperature Range 2° to 42°
Plant Size (approx):	50 - 60cm high x 30 - 50cm wide
Planting:	Dig a hole approximately twice the size of the container. Remove plant and place into the hole so the soil level is the same as the surrounding ground. Fill in the hole and push down firmly and water in thoroughly.
Fertilizing & Watering:	Fertilize in spring with a slow release fertilizer and water to keep moist in a pot situation.
